Associate of Science in Accounting	Graduation Rate	89%
Associate of Science in Business Administration	Graduation Rate	61%
Bachelor of Business Administration	Graduation Rate	80%
Master of Business Administration	Graduation Rate	54%

Indicators Used

INDICATOR	DESCRIPTION AND HOW IT WAS CALCULATED
Retention Rate	[1 - (number of students who dropped from the program between July 2020 and June 2021)] divided by number of unique students enrolled in the program between July 2020 and June 2021)
Graduation Rate	Graduation rate is based on students meeting programmatic admissions requirements completing their degree within 150% of the expected time to graduation. This is 3 years for AS students, 6 years for BBA students, and 2 years for MBA students. Calculation is then number of students who graduated divided by the number of students who began and met programmatic admission requirements for the program in 2017-2018 for Associate level programs, 2015-2016 for Bachelor's level program, and 2018-2019 for MBA program. Students meeting general admissions requirements but do not meet programmatic admissions requirements are not included.
