STUDENT IMMUNIZATION REQUIREMENTS

Requirements	Description of Requirements
Measles, Mumps, and Rubella (MMR):	MMR Requirement Options: Option 1) A 2-dose vaccine series OR Option 2) Positive antibody titers for Mumps, Measles, and Rubella *If a titer results in non-immunity, repeat the 2-dose vaccine or a booster meets compliance If you have completed a full vaccine series, you do not need to receive an antibody titer — the completed series meets compliance
Varicella (Chicken Pox):	Varicella Requirement Options: Option 1) 2-dose vaccine series OR Option 2) Positive antibody titer *If a titer results in non-immunity, repeat the 2-dose vaccine or a booster meets compliance If you have completed a full vaccine series, you do not need to receive an antibody titer — the completed series meets compliance
Hepatitis B:	HepB Requirement Options: Option 1) 3-dose vaccine series OR Option 2) Heplisav-B 2-dose vaccine series OR Option 3) Positive antibody titer *If a titer results in non-immunity, repeat the vaccine series. Heplisav-B 2-dose or Engerix 3-dose or a booster meets compliance If you have completed a full vaccine series, you do not need to receive an antibody titer — the completed series meets compliance
Tetanus Diphtheria, Pertussis (Tdap):	Tdap Requirement Options: Option 1) A Tdap vaccine is always dated within 10 years of the current date. TD booster not accepted.
Influenza (Flu):	Flu Vaccine Options: Option 1) A Flu vaccine for the current season
Tuberculosis: <i>Note: Nashville</i>	TB Requirement Options: Option 1) A negative TB blood test (T-spot or QuantiFERON) within 12 months of the current date. Annual update required. OR Option 2) A negative skin test within 12 months of the current date. Annual update required. OR Option 3) A negative/clear chest X-ray within 12 months of the current date OR Option 4) A negative/clear chest X-ray within 5 years of the current date and a medical letter of clearance annually. <i>*If attending the <u>Nashville</u> campus, a blood test or TB Two-Step is required at entry. The TB two-step is four separate visits with a 2nd skin test being performed a minimum of 7 days after the 1st skin test, but no more than 21 days apart. A <u>single</u> skin test or blood test is acceptable for the annual update. Nashville requires an X-ray within 3 years of the current date and a medical letter of clearance for past positive TB tests.</i>
Meningitis: <i>Dallas Only</i>	Option 1). A MenACWY dose (Menveo, MenQuadfi or Menactra) within 5 years of the current date.
COVID-19:	Option 1). An original series Option 2). A single bivalent dose Option 3). A seasonal vaccine
